RED DEER, ALBERTA. FEBRUARY 4th, 1920.

Subscription, \$1.50 per year.

FINANCIAL STATEMENT G. W. V. ASSOCIATION RED DEER BRANCH

SECRETARY'S ANNUAL REPORT.

Mr. President and Comrades—
A report covering the activities of the Red Deer Branch of the G.W.V.A. for the period that has elapsed since our last annual meeting held on January 19th, 1919, at which I was appointed secretary-treasurer, is hereby respectfully submitted.

MEMBERSHIP

Perhaps the most outstanding feature about this year's activities has been the remarkable growth of our Local. At our last annual meeting we had 99 paid up members; now we have a paid up membership of 362, as at January 1st, 1920, and I am confident that the number of members still applying for membership is not every day, a large increase is expected this year.

REVENUE

The whole revenue (with the exception of the provincial grant, which amounted to \$271.25, and which was set aside in a savings account for relief only) has been derived from dances and entertainments. While the bank balance every month in the current account has been small, it has been sufficient to meet all expenses, including light, water, rent, telephone, room, reading room, and all other expenditures incurred by this Local. The balance in the current account at the close of the last three months of \$146.11, but as all articles were practically sold at cost price, the president and myself have readjusted the selling price, and a reasonable profit assured during the coming year. A complete audited statement is appended hereto, setting forth all receipts and disbursements, together with the assets and liabilities. Total receipts for 1919, \$10,222.45; disbursements, \$7,937.92; Balance \$2,284.53.

PROVINCIAL GRANT

It is only fair to state that the Local is under a deep debt of gratitude to the Provincial Government for their generous donation, received through the efforts of the Provincial Command, amounting to \$271.25, which was as generously approved by the Alberta Returned Soldiers' Commission.

RELIEF

While the question of relief in this city does not nearly reach those of larger cities, still we have received a number of cases brought to our attention, and have given relief immediately. The amount spent in relief is about \$390.00.

OFFICE EXPENSES AND CORRESPONDENCE.

The expense of running the office of this Branch has increased considerably to membership, and naturally has incurred over three times the amount of work as at our last annual meeting. But I may say that all correspondence has been in every case dealt with promptly, and the fact that no complaint has been received from the Dominion or Provincial Command, any Local or individual, is a reflection on the work of correspondence has been carried out efficiently. 1126 letters have been received in this office since the past year, 852 of which have been answered; the remainder being circulated to the appropriate authorities from this office, exclusive of notices of meetings, of which every member, no matter in what part of the province, has been duly notified.

PROVINCIAL COMMAND.

Great appreciation should be expressed to the Provincial Command, who have handled by the Provincial Secretary, even in spite of the enormous increase in work placed on his shoulders.

LADIES' AUXILIARY.

As you are all aware, a Ladies' Auxiliary is in full swing in connection with this Local, and too much cannot be said about the splendid work they are doing to further the interests of the parent organization.

AUDITOR.

The thanks of this Association is certainly due Mr. J. W. Hey, Honorary Auditor for this Local, for the interest he has taken in this Association. He has audited all the books of the Local at different periods, and has just recently installed a first class method of bookkeeping which takes care of the ever-increasing business of our association. All this has been given free of cost.

EXECUTIVE COMMITTEE.

I would like in conclusion, Comrades, to express my appreciation of the cooperation which has at all times been extended to me by the Executive. They have always shown a readiness to help me in my work, and have been guided by the desire to make our Association as strong and efficient as possible. I may say that probably this report is not so complete as it might be, but if there are any questions the Comrades feel they are not being satisfactorily explained, I will only be too pleased to answer them to the best of my ability.

Respectfully submitted,
(Sgd.) CHAS. SINCLAIR,
Secretary-Treasurer G.W.V.A.

Statement of Receipts and Disbursements for Year Ending December 31st, 1919.

CHIROPRACTIC ASSOCIATION

At the interesting meeting of the Alberta Chiropractic Association held in the private banquet room, mezzanine floor of the Macdonald Hotel, Edmonton, a few days ago, at which representative from seven of the larger municipalities of the province were in attendance, the establishment of this new scientific aid to health by special bill at next Alberta legislature, was the chief subject, and which will appear the assembly of doctors in session.

Among the members present from various parts of the province were: Dr. J. F. Harris, Edmonton, chairman of the meeting; Dr. C. E. Messinger, Calgary; Dr. P. A. Lawrence, Edmonton; Dr. C. Bates, Lacombe; Dr. F. W. Boushall, Red Deer; Dr. E. W. Holberg, Stettin; Dr. O. H. Haskel, Camrose; Dr. E. J. Chevalier, Wetaskiwin; Dr. H. B. Water, Ponoka; Dr. G. J. Parks, Calgary; Miss Laura Boyle, Calgary; and Miss E. W. Maxwell, Edmonton.

Dr. C. E. Messinger, of Calgary, brought up through the agency of the recent U.P.A. convention at Calgary, at which the practice of Chiropractic was recognized by an overwhelming majority of 800 to 900 against 30, when the Queen's University of the U.P.A., by a petition to the Alberta legislature, to recognize the practice of Chiropractic in the province. The doctor stated that the association had every assurance of the confidence and faith of the farmers of the province behind them.

The meeting was adjourned at 8 o'clock until the following meeting showing the growing importance of chiropractic treatment in the province. The legislative committee selected to take care of the association's interests in the next session of the provincial house are: Dr. G. F. Parks, Calgary; Dr. B. A. Lawrence, Edmonton; Dr. P. A. Lawrence, Edmonton; and Dr. J. C. Bates, Lacombe.

Dr. H. B. Foster, of Ponoka, was admitted and accepted as a member of the association. Alberta. The question was brought up of establishing a Chiropractic magazine to be edited by the Alberta Chiropractic Association.

The meeting, which was over three hours in session, adjourned at six o'clock until 8 p.m., when a banquet was held by the association in the private banquet room of the mezzanine floor of the Macdonald Hotel, a general and enjoyable get-together of the various practitioners of the province occupied the evening hours.

I hereby certify that I have carefully examined the books of account of the Great War Veterans' Association, with the vouchers produced, and the above balance sheet is a true and correct statement of the financial condition of the business of the association, as on December 31st, 1919, as disclosed by said books of account.

JAS. W. HEY, Hon. Auditor,
Red Deer, Alberta, Jan. 19th, 1920.

HOCKEY NOTES

Instinct hockey team will try conclusions with Red Deer here this evening (Wednesday, February 4th). This is the first appearance of Instinct this winter, and a good winter is assured. The cold weather last week put hockey altogether on the blink, and a good crowd is needed if the games now to help finance the rink.

Red Deer team go to Lacombe on Tuesday, February 10th. Lacombe came to Red Deer for the return game on Thursday, February 12th. Do not miss this game.

COMMITTED FOR FALSE PRETENSE AND ARSON

A former named E. C. Pearson, living west of Red Deer, came before Joseph Wallace, J.P., Tuesday of last week, on a charge of obtaining \$2500 by false pretences from the Soldiers' Settlement Board. He had sold a Pauper section to the Board for J. Nelson, of Calgary, giving details of the property, and when Joseph Wallace, J.P., of the Soldiers' Settlement Board, on possession, they found that the barn mentioned in the bargain had been destroyed by fire. Pearson was released on a charge of arson, and was committed to the jail for 30 days. The A.P. Police prosecuted; Mr. Russell for the charge. The accused was released on a charge of arson, and was committed to the jail for 30 days. The A.P. Police prosecuted; Mr. Russell for the charge. The accused was released on a charge of arson, and was committed to the jail for 30 days.

THE PUBLIC SCHOOL

L. M. Gaetz, Sprinvalley, was elected last week to the Provincial Board of Directors of the Public Schools of Calgary. Mr. Gaetz will represent the federal riding of Red Deer on the Board.

ST. JOHN MAN HAS GAINED 28 POUNDS

H. F. Rollings is Surprised By Rapid Improvement—Troubles End.

"The best proof I can give that Tanlac is the right thing for me is the way it is building me up," said Mr. H. F. Rollings, of 23 Flower Hill, St. Johns, Newfoundland, recently. Mr. Rollings has been employed as carpenter by the Newfoundland Railway Company for ten years.

"At the time I began taking Tanlac," he continued, "I only weighed one hundred and twenty pounds, but now I weigh one hundred and fifty pounds—have actually gained twenty-eight pounds—and am picking up, both in weight and strength."

"I had been in the worst kind of a fix for some time, and could get nothing to do me much good, if any. My appetite went back on me and my stomach was in such a bad fix that I could not eat meats or any of the more substantial foods at all. I had severe headaches and was so run down and weak that I couldn't do justice to my work. I would get so weak and dizzy that I was actually afraid to mount the scaffolds. I was very nervous and nearly all my strength had seemed to be gone. One day while crossing the railroad track I fell one of those dizzy spells coming on me. I managed to call for help, but I fainted dead away, and the next thing I knew I was home. I could never get a good night's sleep, and that third, worn out feeling was with me all the time."

"My improvement since I began using Tanlac has certainly surprised me. My appetite returned after the first few doses, and by the time my first bottle was gone I could eat and digest anything. Then I commenced to pick up my lost weight and strength and get rid of that tired, worn out feeling. The headaches, dizziness and nervousness have all left me, and I sleep so soundly that I have to be woken up in the mornings. My appetite is so big that I can hardly rest enough to eat, and I never have the least trouble with my stomach any more, and when it comes to work I can keep up my end with the best of them. I am convinced that Tanlac will help anyone who tries it, and I am glad to make this statement for what it may be worth to others."

Tanlac is sold in Red Deer by Gaetz-Cornett Drug & Book Co., Ltd. in Eekville by Eekville Drug Co., in Veteran by Veteran Drug Store, in Hesperto by H. J. Hogg, and in Hesperto by Macdonnell Bros.

AND SHE DIDN'T KNOW.

Little Girl (looking over newspaper advertisement)—Mamma, why do all these boarding houses object to children?

Fond Mother—I'm sure I don't know. Go and see what the baby is howling about, and tell Johnny to stop throwing dirt at people in the street, and make George and Kate stop fighting, and tell Dick if he doesn't stop being a bad boy, I'll take it away from him.—Edinburgh Scotsman.

STRIKE COST MANITOBA GOVERNMENT \$45,000 LAST YEAR.

Winnipeg, January 29.—Counsel fees, court and other expenses in connection with the trial of strike leaders, as an aftermath of the Winnipeg general strike, cost the Manitoba government \$45,000 last year, the provincial secretary, Hon. Edward Brown, announced today. A special warrant was issued for the trial of the leaders, and credited to the account of the administration of justice, for this purpose. It is believed that the expense of the trial will be more than \$100,000.

MRS. WAAGEN SAYS RED CROSS WILL DO NO INTERFERING

Peace Policy of Society Outlined at Annual Meeting of Calgary Branch

The peace policy upon which the Red Cross Society will re-organize its work was outlined by Mrs. O. B. Waagen at the annual meeting of the Calgary branch of the Red Cross Society held Tuesday evening in the lecture room of the public library. Mrs. Waagen prefaced her remarks by saying that there seemed to have been a misunderstanding of the position that the Red Cross Society was going to interfere with, or attempt to dictate to, other organizations in the carrying out of its proposed programme, and she wanted to assure all those who might have some such idea that this was not the case, but that it was the desire of the society to co-operate with, to strengthen and coordinate all relief efforts of the many other societies already in the field.

GENEVA IS BUSY SPOT

Sketching briefly some of the activities which have been launched since the League of the Red Cross Societies was recently formed, Mrs. Waagen stated that there was already established at Geneva's extensive international headquarters, where a certain bureau, under the supervision of Sir David Henderson, would be conducted. A branch bureau of child welfare, under the direction of Sir Leonard Findlay, of Edinburgh, with which all child welfare associations of Great Britain had linked up, busy collecting valuable information which it would be the business of all Red Cross Societies to disseminate. The nursing service bureau was preparing to send out qualified nursing units to such parts of central Europe and the Balkans where disease is rife. The work of this bureau also included the training of women for district nursing. This will be a very important department as soon as Russia is once more opened up, as the disease conditions in that country are so appalling it will require the most thoroughly organized campaign of trained nursing and sanitation to clean it up and prevent the infection spreading to other countries.

OTHER IMPORTANT FEATURES
The speaker also pointed out that

the experimental laboratory, a bureau for the prevention of tuberculosis, and a statistics bureau would prove invaluable in gathering expert information and for the benefit of people of all nations. In speaking of Canada's part in this work, Mrs. Waagen said that the provincial branches were to be given a financial hand to develop their own policies to local needs.

The societies in Alberta propose to establish medical and nursing services, including health centres in the outlying districts.

This work will be financed by a Dominion wide membership campaign which will be provided. This, it is hoped, will provide for all the needs of the society, so that it will not be necessary in the future to go to the public with any special appeals.

This and Moving of Headquarters Only Change in Mounted Police Organization

Ottawa, January 29.—On Saturday at midnight the dominion police force as it is at present constituted ceases to exist and the personnel thereof is absorbed by the Royal Canadian Mounted Police, the title of Royal North West Mounted Police being changed with the coming into effect of the act at midnight.

Headquarters of the new organization will be in Ottawa and Commissioner Perry is already there. Colonel Stearns, assistant commissioner, will be second in command at Ottawa headquarters.

TITLE ONLY ALTERED.

It was emphasized by Commissioner Perry that, so far as the Mounted Police organization is concerned, the only change is that the title is altered by the substitution of "Canada" for "North West Mounted Police" and the headquarters are moved from Regina to Ottawa. With the dominion police the difference is that the force ceases to exist on January 31st. The Ottawa division of the Royal Canadian Mounted Police will retain the blue uniforms, which have become so familiar to residents of the capital and visitors, but there may be some slight changes made in the equipment to align them with the uniforms worn by members of the mounted division. Outside of Ottawa, all detachments will be mounted, and will wear the red coats, which have so frequently struck terror to the hearts of the lawless characters in the western provinces.

Commissioner Perry stated that the call which had been made for recruits had brought forth more applications than could be handled. In accordance with the provisions of the act setting forth the terms of amalgamation, Commissioner A. McLean of the Royal North West Mounted Police becomes financial controller of the Royal Canadian Mounted Police. The new organization will be under Hon. N. W. Rowell, as minister.

TIME TO QUIT RAISING HOGS

James Comer, of Edwell writing to the Alberta Farmer on the present price of hogs, seems to be pretty well agreed with the price offered by the packers, and hits them hard when he says:

"You are most interested in reading your article on the hog question in your issue of January 8, and must say that something was done for a remedy. You ask what is wrong with it? I think the answer is not far to seek, with hogs at 16 cents at our shipping points, and the consumer having to pay from 60 to 70 cents for the city or country stores. Our friend at Strathmore's cost of production, I think, is hardly fair when labor or has to be considered. His idea, according to the article, is just for actual cash outlay or its equivalent. Now, with most of us small breeders the labor is considerable."

We have been in Alberta twenty-five years and like it better all the time, at least our part of it. We have stayed with hog raising all the time on a small scale, but now it is certainly a losing game and we are thinking of going out of it. Too much work, and all the time dropping your money into a sink hole, with the packer at the bottom of the hole to catch it. I think it would not be so bad if the consumer reaped any benefit therefrom, but no doubt you are all conversant with how the consumers benefit from the raising of hogs. I believe a representative of the packing interest who had been sent to interview him on that subject, was to raise the price on Monday morning one cent and then on Wednesday put it up another cent and keep on until it was made to pay. Then the farmers would raise hogs. We remember when the war was on the government was pressing us to raise more hogs. Why do not the packers press? Why do not the powers that be commandeer all the excess profits of all industries and thereby benefit the country as a whole by helping to pay off our war debt? But I am leaving the point; and for my part, why should the consumer cannot get the pork products at least at twice the price the farmer gets for it, say 35 to 40 cents. I have studied the matter of breeding and feeding to get the best stock. I thought a young sire at Mr. Hutton's sale a little over a year ago; paid a good price for a good animal, but have hardly got the results. Hutton predicted at the time, viz. over 200 pounds weight at less than six months old. Everything fine, but what's the use? It's time to quit raising hogs, and also to writing this column.

LUMBER PRICES ARE LIKELY TO ADVANCE

Canada Must Pay American Figure, Plus Exchange, Says Thorn.

Winnipeg, January 29.—Lumber prices are likely to advance, and not come down for some time, according to statements made this morning by Walter Thorn, Moose Jaw, president of the Western Retail Lumbermen's Association, which opened its 25th annual convention here today. The price paid for lumber in Canada, he said, will be the American market price, plus exchange, and if freight rates are increased Canadian buyers may have to pay a higher price for Canadian lumber than Americans.

Mr. Thorn also expressed the opinion that British Columbia mills will not begin to supply the American demand and the burden of supplying the Canadian market will fall more on the eastern mills. Three hundred delegates from all parts of the west are in attendance at the convention.

ADVANCE IN OTTAWA.

Ottawa, January 29.—A general advance ranging all the way from 15 to 12 or more per thousand feet has taken place in Ottawa lumber markets during the past few days, and the prospects are that prices will still go higher before the spring months.

Early this week a new high price record for the Ottawa lumber market was set, when the manufacturers averaged \$125 per thousand feet for pine, good siding, inch and one-quarter and up. Two-inch also advanced \$5 per thousand.

The latest advance affects nearly all the pine grades from mill cuts up to good lumber. The spruce grades for the past few weeks have been quiet, but with the present shortage of stock offering on the Ottawa markets, dealers do not believe there is any hope for the price coming down.

A MAN'S JOB.

It's a man's job to be cheerful
In the face of grief and care;
Any weeping can be fearful
And a victim of despair.
But it takes a man to swallow
All the bitter in the cup,
And to live for what may follow,
Without ever giving up.

It's a man's job to be kindly,
It's a man's job to be true;
None can shut his eyes and blindly
Try to journey this life through
And not see the wrongs about him
Or the hazards in his way;
There are times when fate will frown
And his feet will go astray.

Not in foils and craven creatures
Are the worthy virtues found;
Not on blank and lifeless features
Do the cheerful smiles abound;
He who fails to live his best life living
And for truth and honor stands,
Is cheerful in his giving,
Has a man's job on his hands.

To be kind and thoughtful ever,
To be strong in times of need,
To put all his best endeavor
In an effort to succeed;
And to fail at times in trying
And not lose your cheerful ways,
Is a job, there's no denying,
For a real man nowadays.

Top of the World Carnival

Banff is to have an elaborate winter carnival this year, and will be in full swing from February 2nd to the fourteenth inclusive. Situated as it is in the Canadian Pacific Rockies and surrounded by the grandeur of Tunnel Mountain, Rundle Mountain and Sulphur Mountain, Banff, the national resort, is fast becoming the centre of winter sport in Canada as Christiansia in Norway. It is a perfect winter playground with its natural mountain slides and ideal skiing. The preparations for the carnival this year are on a large and broader scale than previous years; the aim being to make Banff attractive to winter sports as it is in the summer. In one aspect the visitor will find combined summer and winter amusement in the hot sulphur springs, which give one the privilege of swimming out in the open with the thermometer above or even below zero, in not tepid but warm water.

The spirit of the carnival will again have full sway throughout the town, and those who arrive at night will find themselves at a veritable fairyland. Colored lights are to be strung across the streets, down the famous toboggan slides, and on the rinks in thousands giving a great gala effect.

The list of amusements is a long one. There are hockey and curling matches, toboggan races, snowshoes and ski races. The old jumping this year promises to be one of the big events, for a new jump has been built costing several hundred dollars, and some of the best skiers in Canada will take part in the competition. The Pony ski races are on the programme, and will doubtless create much excitement. Snow shoe treads have been planned, and lunch will be served at the game warden's cabin. Those exhilarating tramp are conducted by men who know every inch of the country. The carnival will be just one continued round of merriment and anyone who imagines the world in the mountains to be dead in the winter will have a pleasant surprise. Rivers, brooks, cascades and falls are all pursuing their merry course, as in the summer except in a few occasional spots. The animals are not huddled up inside their burrows or seeking shelter away from the winter, but roam around so in summer. The carnival will be opened by the Superintendent of the National Park, and a special programme has been arranged for each day and will conclude with a farewell ball and distribution of prizes. There are three comfortable hotels which remain open throughout the winter. The carnival and bonspiel at Banff are becoming amongst the most important and widely known events of the Canadian winter, and all the beauty of her winter park is at her best at this time of the year. Instead of being dead Banff will be very much alive.

NEWS WEEKLY SERMON EXAMINER'S REVIEW OF PROVINCIAL MARKETS

By REV. GEO. D. ARMSTRONG

We know that all things work together for good to them that love God.—Rom. 8:28.

The chapter from which this text is taken is one of the most inspiring and inspiring passages that St. Paul has written. Interesting because of the evolutionary view of history which it sets forth, and inspiring because of the conception he had of the believer's position in the world, and the assurance of a perfect triumph over every evil that could beset the human soul.

To catch the spirit of the apostle which breathes in this cheerful message with invigoration and cheer those who are facing the stern, perplexing experiences of life.

In an age when the faith of mankind is being assailed, and we are able to see but dimly through earth's mists and vapors, we sorely need a message such as this chapter contains.

When all the ideas which have controlled the thoughts of men are called in question, and existing institutions are apparently in danger of collapse as we grope uncertainly for some solid foundations for faith and hope, it is so satisfying to have a gospel given to us which is in the nature of authority.

Of course, we should not ignore the truth that dogmatic assertion does not always carry with it the evidence of unsalvatic truth. Quite often people are most dogmatic concerning ideas which are not really their own convictions. Such statements are echoes of the voices of others, rather than the word of God, spoken directly to or within our own souls.

But here we have not the enthusiastic assertions of youth, nor the utterance of fanaticism, but the sound testimony of a man gifted with keen discernment and tempered with an extraordinary experience of the things which test the foundations of men's faith.

The apostle does not assert that everything that happens in the life of a good man is in itself the very best thing that could possibly take place. To do so would be to foster the delusion that the world is wholly fair and it would be difficult indeed to convince a suffering martyr that his death was not in vain.

What the text does assert is that the evils of life are not triumphant; that the trying experiences of a man's life are in themselves the whole process of living; that there is an underlying principle of goodness and peace which forms a basis for hope and good cheer. We must determine the course of the stream of life, not by its winding eddies and back currents, but by the main channel. "All things work together for good."

His statement is further qualified in this regard that the benevolent purpose of life is manifested to those who love God and are called according to His purpose. The whole course of life works against those who are alienated from the love of God. "The face of the Lord is against them that do evil," as Francis Thompson has put it, "All things betray these who betray me."

Yet even this does not destroy the gospel of love. It would be a calamity indeed if sin could go unpunished. God does not show partiality in the bestowal of His favors. He does not arbitrarily elect some to damnation and others to salvation. Far otherwise—All things work together for good to them that God loves and the mercy of God extends from highest Heaven to the lowliest Hell. Divine love will surely interpose at the difficult minute, snatch man the mistake, man the failure, the ruin he seems now—and bid him awake. From the dream, the probation, the prelude, to find himself set clear and safe in new light and new life—a new harmony yet to know—and continued and ended—who knows—or endure!

The man taught enough by life's dream of the rest to make sure. By the pain-throb, triumphantly winning intensified bliss.

God does not show partiality in the bestowal of His favors. He does not arbitrarily elect some to damnation and others to salvation. Far otherwise—All things work together for good to them that God loves and the mercy of God extends from highest Heaven to the lowliest Hell. Divine love will surely interpose at the difficult minute, snatch man the mistake, man the failure, the ruin he seems now—and bid him awake. From the dream, the probation, the prelude, to find himself set clear and safe in new light and new life—a new harmony yet to know—and continued and ended—who knows—or endure!

Increased Production the Remedy, Says Former Chancellor of Exchequer

London, January 30.—Lower prices will be slow in coming, said Reginald McKenna, former chancellor of the exchequer, and now chairman of the London City and Midland Bank, addressing stockholders today. Any attempt suddenly to bring about a decrease in the cost of living, he said, would mean disaster.

"The spending power of the public has increased from £1,180,000,000 in 1918 to £2,695,000,000 at present," he said. "This, with loans to the state, has raised bank deposits and consequently increased the buying capacity of the public. With increased currency, prices of commodities have soared, but increased production will bring prices down. The purchasing power of the world, however, is measured in money and cannot be materially diminished. Deflation is bound to be slow, and any attempt to bring it about rapidly would mean widespread ruin among manufacturers and traders."

REDUCE EXPENDITURES
"I would urge a reduction of the country's expenditures to a figure less than the tax revenues, by which means alone the issuance of currency can be restricted and London re-established in her old position as a financial centre and the free gold market of the world."

"In my opinion, this country's rate of taxation is higher than any other in the world, and is dangerously near the point where thrift, business enterprise and the needed development of capital may become seriously impaired."

The Ladies' Aid of Knox Presbyterian Church are giving a Valentine tea and sale of cooking at the home of Mrs. John Quigg, First Street South, Parkdale, on Saturday, February 14.

and all week was from \$5.09 up. There is a good export demand for wheat, much of it is going over to Montana for seed.

Produce.
Trade in produce during the week has been very limited as to volume, and there are advances on some of the quotations which are due to weather conditions, and not likely to be maintained. Straight shipments of butter, cutting the mouldy and rancid, range from 40c up. Choice table butter will bring from 55c down, according to quality, but there is little of it. Creamery butter unchanged. Cream receipts light, owing to lighter production and difficulty in shipping. Poultry movement light, and live fowl and chickens, a little higher, and worth from 15c to 22c. Eggs receipts very light, and fresh shipments bring 65c. Potatoes are advanced, and there are quotations of from \$5 to \$7.50 per ton, but not enough can be shipped to make a steady quotation. Other vegetables are quoted higher, selling by the 100 pounds; beets, \$2.50 to \$3.00; carrots, \$2.25 to \$2.75. The market on dressed beef is stronger.

Hay.
Cold weather conditions in the hay market have been met fairly satisfactorily, and prices have not changed, but the tone of the market is a little less bullish than it was a week ago. Most of the good hay bought at country points, in favorable shipping districts, brings from \$28 to \$32 a ton, a little as high as \$32 for very good hay.

Hides.
Frozen hides are now up to 20c, and the green salted butcher hides are quoted from 20c to 22c; kipps, 24c to 26c; calfskins 40c to 45c. The market is active and strong.

Stocks.
Hogs have been advancing all week at Calgary, and are up nearly a dollar from the quotation of a week ago. The sales on Thursday were at \$19.10, and today's sales were at \$19.25 to \$19.75.

There is also a dollar advance in the big prices at Edmonton yard, as against a week ago, and the sales on Thursday were at \$19.00.

Receipts of sheep at Calgary yards have been very light during the week, but prices on fat stock are probably about as last week, with good lambs worth from \$13.50 down. The breeding ewes, which have been sold at the auctions have been from \$12 to \$15.

Fat sheep at Edmonton are quoted higher, and the lambs will bring \$14.00, wethers, \$12.00, and ewes from \$9.50 to \$11.50. There is not much demand for breeding ewes.

Horas.
Sales during the week in Calgary have been very light, as most of the dealers are stocked up from the previous week. Cold weather has kept buyers out of town away, and while the cold weather lasts, and feed conditions remain as they are at present, there will not be any buying from the southern part of the province.

Grain.
Last Friday's advance in cash oats has been very well maintained during the week, and barley has made a decided gain during the week, the price holding between \$1.80 and \$1.82. Flax has also kept its strong position.

"COW BILL."

NOTICE.

Applications will be received from farmers in Alberta for loans under the Live Stock Encouragement Act for the purchase of cows during the year 1920 up to April 30th of this year. It being decided to handle applications coming from many parts of the province at different times of the year, it has been decided to limit the applications to the first four months. Farmers interested will kindly govern themselves accordingly and get all their applications in to the Live Stock Commissioner before April 30th, 1920.

DUNCAN MARSHALL, Minister.

S. G. CARLYLE, Live Stock Commissioner.

City of Red Deer

TREASURY BILLS

The City has sold \$17,000

of Treasury Bills at Private Sale, and no doubt there are many citizens who would be pleased to invest in these very desirable securities. There are \$23,000 available for local investment, and it is desirable that those interested should get in touch with the Secretary-Treasurer or the Mayor at once, as the Mayor goes East very shortly on city business, and purchases should be made before he goes.

Recent inquiries indicate a real interest in our securities, but we consider our own people should have the first opportunity of purchase; and there need be no publicity attached to any transaction if the purchaser so desires.

PHONE 64 or 107.

TENDERS FOR PROPERTY

Sealed tenders will be received by the undersigned until noon on Monday, February 9th, for the purchase of approximately 60 acres of Englishwood subdivision. Sale to be conditional on the City being able to secure title to all the lots in the parcel and to get the subdivision cancelled. Tenders should state price per acre and how payable. The highest or any tender not necessarily accepted. Full particulars may be obtained at the City Office.

A. T. STEPHENSON.

LARGE OR SMALL ORDERS receive the same attention here. You can get a year's supply of meat at the most you want, sure that he will get as choice a cut as you would select.

We serve every patron courteously, regardless of whether they want one pound or ten. Give us a trial order for

MEATS OF QUALITY

THE RED DEER BUTCHERERIA

CAMERON & FEENEY, Prop.

"Most furniture factories are over-sold for from six to twelve months and most dealers are crying for furniture. Only those with foresight will have sufficient furniture on hand to run them the winter. Those with small stocks must increase prices by spring or quit business."

The family in need of furniture will not be able to buy it any cheaper than now unless it desires to wait three to five years for normal conditions in the furniture industry."

—Grand Rapids Furniture Record

The cutting printed above gives an idea of the prospects of the furniture trade for the future.

Fortunately, owing to our heavy buying last year—and we bought more goods in the last twelve months than we did in any previous eighteen—we are in a position to sell at last year's prices.

We are still receiving goods which we ordered last spring; and have just received a large consignment of Carpets ordered in May last at 15 per cent. under present prices.

If you want anything for the home we advise you to buy it now; as it will cost you more when the existing stocks are exhausted.

WEDNESDAY, FEBRUARY 4th, 1920

BUY TREASURY NOTES.

In another column, the City of Red Deer is, for the first time, giving the citizens an opportunity of purchasing Treasury Notes of the city. They will hear an interest of about seven per cent., and are a grand investment for those desiring a safe and sure means of investing their spare money. This is a very democratic move, and along lines recommended by the News some time ago. The Government is doing the same thing in encouraging people to buy Victory and other bonds. The person who buys Red Deer Treasury Notes has an absolutely safe and sane investment, and any citizen with a few thousand dollars to invest cannot do better than buy these notes.

INGRATITUDE.

(Buffalo Express)

An old saying has it that republics are ungrateful. This truth was never exemplified better than in the case of Clemenceau. The Tiger took charge of affairs in France at a critical moment, and his faith and his energy led his country through to victory. His countrymen in the crisis in which they found themselves, did not quarrel with him; they showed little but admiration for him. He deserved well of the republic, and all acknowledged it. But the war past, Clemenceau aspires to the final dignity of president, an honor which he richly deserves by his services and his eminence. But he is defeated in caucus and withdraws.

But Clemenceau's place in history is sure, whether he be president or not. He hoped to do further service to France as president. This is denied him, but others will do that service, and if he inclines to complain, let him look around at the chief figures who sat with him about the council table at Versailles where the peace treaty was worked out. The Italian who was his first associate there had to withdraw. Lloyd George's days of unlimited popularity are over, and the question asked in England is today how soon his fall will be; his great energy being no longer so necessary, his defects as a compromiser and a man of no conviction are being harped upon. And in this country, Mr. Wilson, who was supported unquestioningly during war, has come to lack even the support of all the members of his own party.

And we are not free from this ingratitude in Canada. The name of Sir Robert Borden. His name will go down in history as the great leader of the people of Canada during the past five trying years, and one of the ablest statesmen of the world. Yet the Edmonton Bulletin, from which we clip the above note, is one of the worst yappers at the heels of Canada's premier, after having fought one of the hardest fights ever put up by a Canadian statesman and leader. Shattered in health, after the mighty struggle, he is not given a moment's respite, but is criticised and condemned by an unreasonable and unfair

press of the Bulletin class until life to him is not worth the living. In gratitude, yes, but Clemenceau, Lloyd George, Wilson and Borden will all live in history long after their critics have been forgotten.

SPIRITED MR. O'GRADY

(London, England, Mail)
Mr. O'Grady's negotiations with Litvinoff for the release of the British prisoners in Russia have been broken off because of the Bolsheviks' monstrous demands. Among many other concessions, they required the British nation to force the surrender and return to Russia of 1,700 fugitives in Denmark, who would then have been tortured and put to death with every hellish device by Lenin's Chinese executioners.

There could be only one answer to so infamous a proposal, and we are glad to see Mr. O'Grady made it. He is a man. But now it remains for the British Government to act with the same energy as its delegate displayed. It ought without delay to warn Lenin, Trotsky, Litvinoff, and the other members of the gang of murderers which masquerades as the Soviet Government that they will be held personally accountable, and that condign retribution will be exacted from them individually if a single one of the thousand British prisoners in their hands is maltreated. And all necessary legal and diplomatic steps should be taken to give effect to this warning.

REGULAR MEETING W. C. T. U.

The regular meeting of the W.C.T.U. was held at the home of Mrs. E. B. Norman on Friday afternoon with about twenty in attendance. The business of the meeting, which followed the usual fifteen minutes' devotional period, consisted mainly in the distribution of work for the bazaar to be held first week of March.

A rather spirited discussion took place in connection with the subject of study for the day, "Canadianism the Foreigner." It is said by those who have had experience that the most difficult people to Canadianize are those from the British Isles, as organizations such as St. Andrew's Society and Sons of England go to prove. A noted speaker, addressing a mass meeting of the chapters of I. O. O. F. in Calgary recently, said, "Forget the Empire for awhile and work for the good of Canada," advice which might be accepted by all of us. While we are willing to adopt anything of value the different European nations have to offer, we do not care to have the ideas or ideals of any one nation foisted upon us. We want the best from each.

After a social half hour, during which a most delicious cup of tea was served by the hostess, the meeting adjourned.

THOMAS W. LAWLOR IS ADMITTED TO BAR OF PROVINCE

Served Overseas With Machine Gun and R.A.F.—Going to Spain River.

Before Mr. Justice Hyndman, Edmonton, on Tuesday afternoon, Thomas Wilson Lawlor petitioned for admission to the Alberta Bar, his petition in customary fashion being sponsored by Frank Ford, K.C., on behalf of the benchers. The candidate was admitted and the oath was administered by Clerk of the Court McLeod, the bench adding a few words of congratulation as the brief ceremony closed.

Mr. Lawlor is a native of Killarney, Man., and graduated from the University of Manitoba in 1914, immediately articling in law. He went overseas with the 166th battalion in 1916, and served successfully with the Machine Gun Corps and the Royal Air Force. Since his return he has been articled with Hector Cowan, K.C., and later with Hyndman, Miller and Matheson. The new barrister is leaving at once for Spirit River, where he has completed arrangements for the opening of a practice.

NIGHT COUGH

You know it! It begins with a tickling, irritating sensation in your throat. You cough to clear the throat. In a moment there it is again!

A minute's peace, then again you cough, and so on until you cough your throat sore, and by the time the cough is sufficiently allayed to permit you to sleep, you are thoroughly worn out. This kind of experience is particularly trying to old people.

Pepp make this sort of thing quite unnecessary.

Put a Pepp pessette on your tongue and allow it to slowly dissolve. Healing fumes are then liberated, which mingle with the breath and are carried to the remotest parts of the air passages and lungs, allaying the irritation and soothing the inflamed membranes, thus ending the cough and making sleep possible.

Pepps are also best for bronchitis, laryngitis, asthma, sore throat and colds. Try Pepps at our expense. Send this advertisement and 10c stamp (for return postage), to Pepp Co., Toronto, and receive FREE Pepp Peppettes. All dealers, etc. box.

PEPPS

PROFITS LAST YEAR THREE
TIMES AS BIG AS PREVIOUS
YEAR.

New York, January 29.—The Childs company, operating a chain of restaurants throughout Canada and the United States, set a record for earnings in the year ending Nov. 30, 1915. The total net profits being \$1,658,000, according to the annual report, made public today.

This is more than triple the company's earnings in the "lean year" of 1913 when the total was \$415,109 and represents earnings of \$187 a share on the common stock, after deduction had been made to cover dividends on preferred stock.

DEATH OF MRS.
MARTIN GORDON

Mr. Martin Gordon, C.P.R. fireman, and the parents, Mr. and Mrs. T. U. Sarchett, will have deep sympathy in the death of Mrs. Martin Gordon on Thursday evening after a very few days' illness from "sleeping sickness." Mrs. Gordon was known very favorably to a large number of people when she had charge of the hotel, and many will be the expressions of regret at her early death. Mr. and Mrs. Sarchett came over from Lamont, Wash., for the funeral, and took the little boy back with them on Wednesday. Mr. Gordon going down with them as far as Calgary. The funeral took place from the Jacques-Orme Funeral Home on Tuesday afternoon, Rev. W. G. Brown conducting the service. There was a large attendance of friends, and a wealth of floral offerings, among them being most beautiful wreaths from the Brotherhood of Locomotive Firemen of Calgary and at Red Deer, and from the Red Deer station staff, yards and shops at Red Deer. Interment took place at Red Deer Cemetery.

The pall bearers were Messrs. Peter Gordon, Chas. Gordon, Emil Gordon, J. McDonald, J. Trout, R. H. Jones.

CORRESPONDENCE

To the Editor of The News:

Dear Sir,—The gentleman, "J. B.", who criticizes Christian Science, makes a correct statement—and his many inaccuracies—when he writes: "Nowhere in Christian Science teaching can I find a full uncompromising acknowledgment that 'Christ is God.' There are, on the contrary, both in Jesus' teachings and in Christian Science, quite a few uncompromising acknowledgments of the fact that Christ is not God, but that he is the Son of God."

One instance may be given. The disciples had spoken to Christ Jesus about the many different opinions held as to who he was, and the Master, in order to test his disciples' understanding, asked: "But whom say ye that I am?" And Simon Peter answered and said, "Thou art the Christ, the Son of the living God." And Jesus answered and said unto him, "Blessed art thou, Simon Bar-Jona; for flesh and blood hath not revealed it unto thee, but my Father which is in heaven." (Matt. 16: 15-17).

From the beginning of Jesus' public ministry until its close, one of the chief points on which he was attacked was his teaching that Christ is the Son of God. In the temptation at the beginning of his public career, this was the first point that the tempter assailed: "If thou be the Son of God, (See Matt. 4: 3-6). Throughout his entire healing ministry, and at his trial, we find the same assault in various guises. Finally, when he was on the cross, we hear the same old taunt: 'If thou be the Son of God, come down from the cross.' (Matt. 27: 40).

The reason that this point was so fiercely assailed by his opponents is not far to seek, nor difficult to understand. It was his conscious sonship with God, his unity with God, that enabled him to utilize the divine power to heal the sick and cast out evil. It is this same understanding that confers the healing power in Christian Science. The lack of this understanding and of its practical application has for centuries deprived the churches of Christian healing. Christian Science has restored this understanding and the healing power that goes with it. Thus we are learning what the Apostle John meant when he wrote: "Beloved, we are the sons of God." (1 John 3: 2).

Christian Scientists do not deny natural laws, as the gentleness and kindness of Christian Scientists have, it is true, been freed from some of the fears that naturalists who do not understand Christian Science. But so far as sanitation is concerned, Christian Scientists are like to see a far higher standard than is now observed. Christian Scientists are conscientious in obeying the laws relating to contagious cases. Medical health officers quite frequently testify to this fact. Throughout her writings, Mrs. Eddy enjoins obedience to the laws of the land. This is in accordance with the spirit and the letter of Christ Jesus' teachings: "Render unto Caesar the things that are Caesar's; and unto God the things that are God's." (Matt. 22: 21).

Sincerely yours,
PETER B. BIGGINS

THE G. W. V. A.
MASQUERADE BALL

The G. W. V. A. masquerade ball at the Armories on Wednesday night thought not so largely attended as the first one, came off successfully and happily. The hall was most beautifully decorated, and some splendid costumes were in evidence. Among the best and one deserving of special mention was that of Mr. F. C. Whitehouse. At the last masquerade ball on November 11, 1913, Mr. Whitehouse, as an Ancient Citizen of Rome, took first prize, and on Wednesday night, as Viking, he was again awarded first prize but refused the honor, as he took first prize at the last masquerade. Mr. W. G. Paterson, dressed as a Hobo, was also good and took first prize in the comic class. The music was splendid, and the Veterans' Orchestra is becoming one of the most popular orchestras in the district under the leadership of Mr. H. Bone. The supper was first-class, and as one lady remarked, "it takes the Ladies' Auxiliary to make coffee and prepare sandwiches." The following is a list of the prize winners: Best dressed lady—Mrs. F. C. Whitehouse, as Queen of Hearts; Miss Frimble, as A Fairy. Best dressed gent—Mr. L. F. Page, dressed as a Hindoo; Mr. F. Atton, as a Mandarin. Most original lady—Miss Peterson, as Mickey; Miss M. Ireland, as Victorian Era. Most original gent—Capt. Shute, as a War Ironclad; Mr. C. L. H. Waldo, as Camouflage. Best comic lady—Miss Una Dale, as Charlie Chaplin; Mrs. B. F. Alford, as Simple Willie. Best comic gent—Mr. W. G. Paterson, as a Tramp; Mr. Goodacre, as an O. N. Strangy.

DEDICATION OF WAR
MEMORIAL SHIELD
AT WILLOWDALE

The people of Willowdale turned out in force on Sunday, January 11, to pay tribute to those of her boys who had given of life or service to secure a world-victory, and to solemnly dedicate the shield which our Board at Toronto had sent in recognition of \$50 contributed to Sunday School work in Canada. The shield occupies an advantageous position at the southeast of the church. Only one of our boys was called upon to make the supreme sacrifice—St. Stanley Grimes. His name stands at the top of the shield. Below and about his name are the others, fifteen in number: Sergt. Wm. Marley, Sergt. John Marley, Pte. E. H. Day, Pte. W. Smith, Pte. S. W. Holmkinson, Pte. Chas. Evans, Pte. H. Bortea, Pte. J. M. Holmkinson, Pte. H. Evans, Pte. W. S. Strangy, Pte. Alex. Dunsmuir, Pte. F. Evans, Flight-Lieut. M. W. R. Hey, Pte. H. Good, Pte. Geo. L. Proctor. The congregation joined heartily in the stirring hymns, "Onward Christian Soldiers," "Stand Up, Stand Up for Jesus," "Forward be our Watchword," and listened closely to a message from the First Epistle of John, "I write unto you, young men, because ye are strong, and the Word of God abideth in you, and ye have overcome the wicked one."

THE TORTURES
OF RHEUMATISMHappily Stopped When He
Began To Take "Fruit-a-lives"

8 OTTAWA ST., HULL, P. Q.
"For a year, I suffered with Rheumatism, being forced to stay in bed for five months. I tried a kind of medicine without relief and thought I would never be able to walk again. One day while lying in bed, I read about 'Fruit-a-lives' the great fruit medicine, and it seemed just what I needed, so I decided to try it. The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me."—LORENZO LEDUC.

RED DEER COUNTY
SCARLET CHAPTER

Red Deer County Royal Scarlet Chapter held its annual meeting at Lacombe on Wednesday, January 14, for the purpose of general business and election of officers for the ensuing year, with E.C.C. E. E. Matthews, of Blackfalds, in the chair. After the usual routine of business, the following officers were elected for the ensuing year:—

W.C.C.—Wm. Brown, Innisfail.
E.C.C.—B. T. Wheeler, Ponoka.
C.C.—J. A. Watson, Lacombe.
C.S.—Geo. M. England, Red Deer.
C. T.—Geo. M. England, Red Deer.
C.H.A.—Albert Barker.
C. First L.—L. Ardell, Ponoka.
C. Sec. L.—K. E. Arkwood, Ponoka.
C. First C.—W. B. Patterson.
C. Sec. C.—H. Hanson, Blackfalds.
C.L.H.—Byron Burton, Loomis.
Sir James Outram, Grand Master of the Provincial Grand Orange Lodge of Alberta, who was present at the meeting, acted as Installing officer, and afterwards gave a splendid address to the Companions.

Two applications for advancement were presented, and were duly admitted to this degree.

The Scarlet Chapter resumed its adjourned session at Innisfail on January 21, with W.C.C. Wm. Brown in the chair, when four Royal Arch brethren were exalted to the degree of Royal Scarlet.

MATERNITY NURSING

Fifty Years of Mutual
Service

CANADA, a nation founded upon the solid rock of mutuality, has vindicated in a splendid way the principle of co-operation, to its 150th anniversary of the Mutual Life demonstrated to Canadians the value of the mutual idea in life insurance.

Established upon a solid, old-line, legal reserve basis, this Company has grown to present proportions with its assets of over \$50,000,000 and more than \$100,000,000 of insurances in force.

From its inception the Mutual adopted the custom of paying claims with promptness. Previously the custom had been to demand thirty to ninety days in which to make payment.

The Mutual also initiated the custom of inserting tables of guaranteed surrender values in its policies.

Today more than 60,000 Canadian homes are enjoying the protection afforded by the various policies issued by Mutual Life Insurance Company of Canada.

Today, as Canada is looking forward to a future of wonderful prosperity, the Mutual has every reason for expecting to continue with the rapidly-growing Dominion.

Get Full Plow Value Behind
Your Tractor

No matter how good your tractor may be, you have to depend upon the plow behind the tractor for the important, direct work of seed bed-making. It pays to be especially careful in choosing your tractor plow.

We offer you the opportunity to get a John Deere Tractor Plow—the plow that has more than 80 years of successful plow-making experience behind it.

If you will come in and investigate this plow we are sure you will agree with us that it is the best tractor plow for you to buy—that it will last longer than any other tractor plow and will give you better results while you are using it.

Especially, we would like to have you investigate these important features: How the genuine John Deere bottoms are

particularly adapted for thorough seed bed-making and longer service.

Why the John Deere Quick Detachable Shares save time and labor and stay close-fitting.

How the simple, dependable power lift device, that raises the bottoms high and level, works without troublesome chains or sprockets.

How the bottoms reach full plowing depth immediately when lowered and are locked down to this depth while plowing.

How the unusual clearance assures steady work in trashy land.

How the simple, strong construction throughout assures maximum length of service and minimum repair costs.

How the hitch adapts it for successful use with any tractor.

We can furnish this plow in two, three or four-bottom sizes.

Remember you need the best tractor plow you can get.

HOUSING SCHEME FOR ALBERTA

Premier Stewart Tells Delegation That Government Itself Is Not Going Into Plan.

Edmonton, January 27.—The chances for a housing scheme in Alberta appear at present to be somewhat problematical. Premier Stewart told the delegation of mayors that waited upon the cabinet Monday afternoon, that the government itself was not going into such a scheme. This, he said, was quite definite, and as to borrowing money from the Dominion government on municipal securities, he was inclined to think that every municipality in the province was already pretty well up to, or past, its borrowing powers.

What the mayors of the four cities asked the premier to do, however, was to apply for the federal grant and so make the money available for the municipalities. Local schemes and methods for using this money would then be subject to revision and ratification by the government.

NO DEFINITE SCHEME.

Mayor Hardie, of Lethbridge, who was chief sponsor for the housing scheme, said that his own city did not have a definite programme yet, but was waiting to call it if the money would be obtainable or not. He did not think the Dominion scheme as it stood was workable from Lethbridge's point of view, but believed it could be amended. The provincial government should get the money and leave it to the cities to spend it. For Medicine Hat, Mayor Brown stated that a municipal housing scheme was not in favor there, but instead it was desired to have the funds available for loaning to individuals, first to returned soldiers, next to private citizens, for their own building purposes, and, last of all, to landlords, who would build for renting.

EDMONTON'S SUGGESTION.

It was Mayor Clarke's opinion, for Edmonton, that the federal grant should be made available for moving houses to lots that had water and other utility services. Edmonton had not yet decided to apply for the money, he said, but he thought that hard-and-fast rules for its expenditure could not be laid down uniformly.

A resolution from the Alberta Union of Municipalities calling upon the government to take action towards securing the province's share of the grant, was submitted by Mayor Marshall, of Calgary.

Premier Stewart told the delegation that he had enquired into the present situation in regard to the grant and had found that Alberta's share of it, amounting to \$1,500,000, was available. Ottawa, and there would be no difficulty on that score, but it was his candid judgment that the amount money would not do very much more than embark the province upon a scheme from which it would later find it difficult to get out.

TO HELP WORKING MAN

The government was not at all anxious, said the premier, to build houses for professional men; and, since the original purpose of the scheme had been to help the working man get a home, he felt that the plan, as so far developed, would not meet the case in any very practical way. Increased tax levies in every city and municipality in the province would be almost certain next year, the premier pointed out, and, in the

face of that fact, it would be doubtful if new borrowing schemes would be favored. The government itself was avoiding all but absolutely necessary borrowing, and conditions and prices got back to normal.

To meet these objections, Mayor Brown declared that Alberta cities needed more people to help pay the civic debts, and as to loaning out on personal securities, the cities would see to it that only men of good security were given loans.

LITTLE CHANCE OF LOSING Mayor Clarke thought there was not much danger of losing money in the scheme.

Alderman East reported that the G.W.V.A. was in favor of the scheme and desirous to see it got under way in Alberta.

Mayor Marshall admitted the force of the position taken by Premier Stewart, but pointed out that in making the necessary application for the federal grant the government would not be committing itself beyond the safety first margin. The cities would then in turn apply for such portions of the grant as they wanted, and if the schemes devised were not acceptable to the government, the latter would have the power to reject or revise them.

The matter was finally left on this understanding, and the government will once more face the question of whether or not Alberta will be included in the Dominion scheme.

INCREASE IN TRADE OF \$80,000,000

Adverse Balance With United States Affects the Exchange Rate.

Winnipeg, Man., January 28.—The Free Press carries the following from an Ottawa correspondent:

"The volume of Canadian trade in the year ended December 31, 1919, exceeded that of the previous twelve years by approximately \$80,000,000. Imports in 1919 aggregated \$941,007,700, or \$31,000,000 more than in the previous year. Exports amounted to \$1,294,829,379, or \$51,000,000 more than in 1918. The balance of trade in favor of the Dominion in 1919 thus amounts to \$353,821,679; in trade with the United States, however, Canada has had an adverse balance of \$285,893,531. That adverse balance has been a potent factor in determining the rates of exchange between the two countries. The total amount contained in customs duties the year 1919 was \$168,320,655.

INCREASES SHOWN.

"Imports from Great Britain last year totalled \$575,819,519, as compared with \$72,870,109 in 1918. Exports to Great Britain reached \$528,035,514, or approximately \$40,000,000 less than in 1918. Canada's imports from the United States in 1919 totalled \$740,580,255, as compared with \$741,336,384 in 1918. Exports to the United States aggregated \$546,686,294, or \$285,152,149 less in 1919.

"The most striking increase in imports was in goods from Cuba, which reached \$12,500,000, as compared with two millions in 1918. That increase was due largely to imports of sugar.

DECREASES SHOWN.

"Imports from other countries decreased as follows: Australia from six to one and a half millions, British India, three and a half millions, New Zealand two and a quarter millions, Japan one and a half million.

"Exports increased as follows: To Australia by two and a quarter millions, to Newfoundland by five and a half millions, to New Zealand by two and three-quarter millions, to Argentina by four and a quarter millions, to China by two millions, to Italy by seven and a quarter millions, to the Netherlands by three and a half millions. The exports to France increased \$32,264,057, and to Japan \$3,900,000.

"Increases in exports were most noticeable in the following commodities: Animals, \$20,000,000; butter, \$4,000,000; fish, \$12,250,000; wheat, from \$111,959,514 to \$158,004,869; other cereals, \$13,000,000; bacon and hams, \$40,000,000."

MARQUIS WILL OUTYIELD RED FIFE WHEAT

Its Introduction Means Increase of 15,000,000 Bushels to West.

Ottawa, January 27.—J. H. Grisdale, deputy minister of agriculture, announces that from figures obtained in a long series of experiments carried on at the Dominion experimental farm, it has been shown that Marquis wheat will outyield Red Fife, the best of the older varieties, by four bushels to the acre.

Practically half of the acreage sown to wheat in the prairie provinces at present are sown to Marquis, and assuming that on ordinary farms the increase over other varieties averages only half that shown on the Dominion experimental farm, the introduction of Marquis has meant an annual average increase of some 13,000,000 bushels of wheat in the prairie provinces over the crop that would have resulted had Red Fife or some similar variety been sown in its stead.

The discovery and distribution of Marquis wheat has therefore resulted in increasing the value of the wheat crop in the provinces of Alberta, Saskatchewan and Manitoba by reason of increased yield by over \$20,000,000 annually for the past five years.

The story is told that the pastor of one of the city churches has become greatly disatisfied with the non-attendance of his congregation at church, and took for his text on Sunday recently the subject of "Better Church Attendance." In his sermon the preacher said that automobiles were more to blame than anything else for keeping people away from church and concluded with the exclamation: "The Ford car has been the people to hell than any other thing that I can mention! Whereupon an old lady in the congregation began to clap her hands and mean 'Praise the Lord, Praise the Lord!'"

"Write the matter, sister?" asked the pastor.

The Ford never went any place that it couldn't make the round trip, and I am sure that all of these people in hell will be back," she answered.

FORWARD MOVEMENT IS ABLY EXPLAINED BY CAPT. PEARSON

Church Desires To Make Itself Intensely Strong To Become Extensively Great.

Capt. Robert Pearson M. L. A., speaking in Bankview Methodist church, outlining the aims and ideals of the Inter-Church Forward Movement.

The speaker started with a strong statement with regard to the place the church has occupied in the history of society. "No one can deny the statement that the church has been the most important organization for the overthrowing of evil and the bringing in of the positive good," he said. "The church still stands today in that position and it is not too much to hope that in years to come, the church will continue to be the greatest organization for the eradication of the kingdom of evil and the establishment of the kingdom of our Lord. When making this statement we must not close our eyes to the other organizations that are doing good, but the church has both the traditions and the machinery for establishing the kingdom of our Lord."

ATTACKS ON THE CHURCH.

"It has become increasingly popular to attack the church. In fact, any book or article that has a somewhat original standpoint of attack is always sure to get into a prominent place in the literature of the times. A writer who is also a minister (Dr. W. J. Dawson), wrote a book some years ago called 'The Prophet of Babylon.' In that book the writer makes one of his outstanding characters say, 'The church must go.' If the church should go, what would take its place? Would it be the league of nations? Would it be some organization very akin to the church?"

THE CHURCH DURING THE WAR.

"During the war the church played a somewhat unselfish part. It gave of its trained leadership and wealth to help other organizations. Money that had naturally come to the church went to the Patriotic Society, the Y.M.C.A., the Y.W.C.A., the Red Cross. Workers who had been trained in the art of work in the church gave their energy to these organizations. During all the period of the war the church received but little credit, and the church, in its primary situation, is calling upon its followers to again assist in making the church the force in the world that it should be."

THE FORWARD MOVEMENT.

"The Inter-Church Forward Movement arose out of the spirit of the times. Each denomination had been considering how it could revitalize itself. Each denomination was formulating plans. Finally the five co-operating denominations came together and just as they made more efficient the allied endeavors at the front, so it was felt that the spirit of unity would make more efficient the great object for which the church is striving."

"The Forward Movement begins with the prayer life of the people. There is the call of the people to wait on God in prayer, to pour out their petitions to Him for the welfare of the church at home and abroad."

INCREASING ACTIVITIES.

"Then the church would increase its activities in a number of ways, such as securing of recruits for the ministry, the increasing of attendance at church and Sunday School, the extending of the church's activities along the line of missions, this to embrace both home and foreign missions, the securing of greater financial assistance for educational work. Many colleges are struggling to get the work done that should be done and principals are struggling with debts. The money raised by the Inter-Church movement would assist these colleges. Also the providing of adequate retiring allowances for ministers who have to retire either through sickness or old age."

"The whole object of the movement might be sized up in some what these words: The church desires first to make itself intensely strong that it may become extensively great."

NO RECURRENCE "FLU" EPIDEMIC IN GENERATION

Ottawa Medical Expert Claims No Real Outbreak on Continent.

Ottawa, January 28.—"There will be no recurrence in this generation of the 'flu epidemic." Such is the hopeful conviction of one of Ottawa's foremost physicians, Dr. H. Church.

"Chicago and New York have not got the flu at all," he declared. "The cases reported so faithfully from day to day in such numbers are nothing more or less than what is popularly known as 'grippe.' The symptoms are no different and the death rate no higher than the old and more familiar affliction."

"In my Ottawa practice I do not know of one person who has been attacked with the flu who has had a recurrence. The attack seems to have immunized those who once have the virus and survived, while those not attacked were not susceptible to the disease at all."

"This scourge undoubtedly has swept the world in past ages. Its origin is mysterious and its sweep is widespread and disastrous. But a generation, or perhaps many generations, will elapse before it comes again in the deadly form that it did in 1918."

Ford
THE Demand Will Exceed the
Output—Place Your Order
Now!

The Ford Company advise that, on account of the shortage of raw material, they entertain no hope of supplying the demand for Ford Cars during the coming season.

Our allotment of cars will be small compared with the demand that will exist in this territory. In order to obtain this allotment it will be necessary to show the Ford Company the actual orders.

As Ford Dealers in this district we are anxious to serve the community to the best of our ability. By placing your order now you will assure yourself of getting your car at a later date.

Fred Lund, Dealer, Red Deer.

FOR SALE OR TRADE, for chicken feed or hens—2 incubators and brooders, \$10.00 and \$15.00. Also 2 separators, \$20.00 and \$70.00. Terms, T. B. Rutter, Manager Central Creameries. Jan 14.

TEACHER WANTED—To commence duties as soon as possible, for Pine Hill School District 551. State salary and qualifications. Apply to F. K. Johnson, Sec. Treas., Red Deer R.R. No. 1. Jan 21, 29.

Local and District Intelligence

A Mutual Policy provides life insurance at cost.

Miss Connie Jarvis was in town for the week end.

Tuesday, February 10th, Band night, weather permitting.

Remember the I.O.D.E. dance, Thursday, February 11th.

Don't forget the date of the V. C. T. U. Bazaar, Saturday, March 6.

Valentine post cards, 2 for 5c; booklets at 5c and 10c each; boys' pocket knives, purses and sleighs at John McVicar's.

St. Luke's Junior W.A. will hold a ten cent tea and sale of home-made cooking on Saturday, February 11th, at Alexandra Hall from 3 to 6 o'clock.

The Clearview Women's Institute are holding a bazaar and social evening at the home of Mr. Goodacre on Friday, February 6, 7 o'clock.

The I.O.D.E. big annual dance on Thursday, February 5, promises to be the event of the season. The proceeds go to the Soldiers' Memorial Fund. It will be a no programme dance.

The Ladies' Aid of Knox Presbyterian Church are giving a Valentine tea and sale of cooking at the home of Mrs. John Quigg, First Street South, Parkville, on Saturday, February 14.

On Tuesday evening next, the choir of the Methodist Church will serve ten cent tea to the skaters and all other patrons in the Sunday School of the Church. Come along and bring your friend.

The W.A. of St. Luke's Church hope to have their usual series of ten cent teas and sale of home-made cooking during Lent, and will hold the first one on Saturday, February 21st, in the Alexandra Hall, Ross St.

The flower, fruit and delicacy committee, which is the sick visiting committee, of the W.C.T.U., will hold a tea and sale of cooking at the home of Mrs. Harvey, 1st Ave. North, on Friday, February 6th, from 3 to 6 o'clock.

The I.O.D.E. will hold their annual dance in the armchairs on Thursday, the 5th of February. Every effort will be made to make this the most interesting dance of the season. Banff orchestra will furnish music. The proceeds will go towards the Soldiers' Memorial Fund.

Opposition is the life of trade. Farmers, we want your cream in our business. The Swift Canadian Co. are paying the highest cash prices for cream and poultry. E. R. Hill is handling the goods and will give you a square deal every time. Bring us your poultry every day except Saturday.

DINING ROOM SUITE. Practically new. Handsome. Durable. Round extension table, six chairs, buffet. A real bargain.—611 Fifth St. N.E. Red Deer, Feb. 4, 1920.

FOR SALE—Choice of two pianos, one extra good. Also a straphorn, or will sell by load. A number of pigs, one young sire. Apply to Geo. H. Sage, Box 593. Phone R 520. Feb. 4, 2w.

FOR SALE—Good quarter section, S.E. Section 28, Township 38, Rge. 4, West of the 5th. There are about 125 acres open nice level land and the rest timber. Frame house, 12x24; good well. Thirty acres have been broken. Less than half a mile to school. No stones; good black soil. 2 1/2 miles to Fespero, also 3 1/2 miles to Condon, Alta. For quick sale will take \$15 per acre; part cash.—Wm. J. Montgomery, Condon, Alta. Feb. 4, 2w.

A WORD TO THE WISE IS SUFFICIENT.

Increase your life insurance today. Tomorrow may be too late. While the flu is not always fatal, it often leaves the patient in such a condition that he cannot secure insurance later. We issue interim receipt and you are protected from date of examination. An old Canadian company.

LATIMER & BOTTERILL

For ambulances (Stone's) call 172, 173.

Will those citizens who take an interest in the erection of a Soldiers' Memorial, and who might have something that they would like to suggest with regard to the same, kindly put in writing and mail same to the Convener of the Memorial Committee, H. G. Stone, at as early a date as possible.

The Young People of Knox Presbyterian Church are assisting the Forward Movement in a fifty-cent supper to the men of the church on Friday evening at 6:30, February 6th. Mr. J. P. Ross, of Calgary, a very prominent figure in the Forward Movement, will be the principal speaker of the evening.

"CORONET DEFENDER" (Purebred)

Winner of two first prizes at Calgary Dog Show, 1919. Fee \$20.00.

Apply James A. McCright, V.S., or Harry Ellis, Arlington Hotel, Jan 28, 3w.

WHY PAY RENT?

OWN YOUR OWN HOME.

Why pay rent and live in constant worry of having the house you now live in sold over your head, and no feasible place in sight to move to, when you can buy a nice comfortable home in one of the finest locations in the city, at a bargain price, on easy terms to a responsible party?

The house has an Entrance Hall, Living Room, Dining Room, Den, Kitchen and Pantry on the ground floor, also a built up Wood and Coal Shed. Upstairs has four nice bedrooms with large roomy closets.

The grounds are large enough for a fine lawn, and a good garden. There is also a Barn and Drive Shed on this property. Only fifteen minutes walk from the centre of the city.

This would make an ideal home for a retired farmer or any other man who is fond of gardening, and would like to keep a cow or poultry. There is plenty of good pasture close by.

For further particulars apply to THE BEST FURNITURE CO., LTD., 21 First St. South - Red Deer, Alta.

MUNICIPAL DISTRICT OF PINE LAKE NO. 339

Vacancy for Secretary-Treasurer and Assessor.

Applications will be received by the undersigned for the positions of Secretary-Treasurer and Assessor, for the above Municipal District. The successful applicant must be a first class accountant and a good correspondent, and must be prepared to devote the whole of his time to the work of the district.

The Municipal office will be located in a central and convenient building in the City of Red Deer. This office must be open, and the Secretary-Treasurer in attendance, six (6) days each week, and for such hours each day as may be designated by the Council.

Full information relative to the duties, and the nature of the service required, may be had on application to the undersigned.

The duties of the Assessor will only be required once every five (5) years, the assessment being made in 1920, 1925, 1930, and so on.

Applicants to make separate applications, one for the position of Secretary-Treasurer, and one for the position of Assessor. One man may hold both positions.

A returned soldier with the necessary qualifications will be given the preference.

Applications to be typewritten and accompanied by copies of references and testimonials, and to state salary required for each position, and to be in the hands of the undersigned not later than 12 o'clock, noon, Saturday, February 14th, 1920.

By order, JAS. W. HEY, Sec. Treas., Municipal District of Pine Lake, No. 339. Feb. 4, 2w.

Come in: We want to know you.

We are having callers every day whom we are assisting with their spring building plans.

Let us do the worrying, it is part of our business, and we will worry out your building requirements at the least possible cost to you. Our plans are the very latest, and are designed especially for this climate.

Come in: we want to know you.

It Makes You Laugh

at this cold weather if you are using our

"STANDARD" or
"NEWCASTLE" COAL

Everyone is delighted with them and we are getting repeat orders daily. They are good, bright, lumpy coals, free from slate or stone —no clinkers and very little ash.

We also have Saunders, Red Deer and Black Gem in stock.

DO YOU KNOW
THAT it is almost impossible to get spare parts from the factory?
THAT in about one month everyone will be wanting his car overhauled for the spring, and you are liable to be delayed weeks in getting your work done?
THAT now is the time when the mechanics can give all their attention to the work in hand?
THAT there is no prospect of being able to get better delivery of parts for at least one year?
THAT later on you may not be able to get the necessary parts to repair your car?
